

Welcome to Stonington Kennels, a full-service boarding, grooming and training facility owned and operated by Licensed Veterinary Technician, Tracy Del Duca and Husband Jim Del Duca. Stonington Kennels was opened in 1978 and the quality of care for the pets staying here has continued to be our highest priority.

What makes us different?

Our kennel is nestled on 10 rolling acres of grassy play yards and fields. We have an onsite home that provides extra security and safety. Here at Stonington, we strive to create a stress-free environment for all who stay with us. Pets that stay here are never put with others unless they are house mates. We give each of our guest our personal attention through play and exercise. Let our family be your pets extended family, let Stonington be their home away from home.

DOG BOARDING

Each dog has its own 4'x4' inside bedroom with a see-through door that leads to their own 4'x10' outside covered run. All insides and outside runs are cleaned and disinfected daily. Water is available at all times. Music is played continuously to provide a pleasant, relaxed atmosphere.

Bedrooms are kept at a comfortable temperature throughout the year with natural ventilation, air conditioning and heat.

Dogs that stay with us for more than 7 charged nights receive a complimentary bath. (Except during peak Holidays, Thanksgiving, Christmas, and Spring break due to high occupancy)

Individual play sessions are available for a small additional fee.

This is the time that we bond with your dogs through play and petting. Play sessions are done individually or with house-mates.

CAT BOARDING

We offer a "Cat House" for your cats with separate rooms for privacy and comfort. Each cat is provided with water, food, and different types of perching areas. We also offer visual stimulation for your cats through Catastic Videos on a 60 inch TV. Beautiful murals of cats around the world surround them.

Limited space available for cats.

FEEDING AND MEDICATIONS

Bring your pets food or we provide canned or dry food. All food needs to be in individual daily zip-lock bags with pets name. Canned food needs to be labeled with pets name. Medications can be administered but need to be in a 7-day pill container labeled with pets name. Please advise us when you arrive with the type of medications and health conditions of your pets.

HEALTH REQUIREMENTS

We require vaccines to be up to date on ALL pets staying with us. Written documentation from Veterinary must be present at time of arrival or can be emailed to www.stoningtonkennels@hotmail.com. ***This is for the protection of all the animals.***

For Dogs

Distemper/ Distemper Combo
Bordatella
Rabies
Leptosporosis
Negative test for Heartworms
Negative test for parasites through Fecal Test

For Cats

Feline Distemper
Rabies
FIP Recommended
Negative test for Feline Leukemia

TRAINING

We offer three programs for training with your dog.

In-house - our trainer will work with your dog while staying with us, length of time is determined by evaluation from trainer.

Classes - Small groups of owners and their dogs learn basic and advanced fundamentals in a structured and safe environment. This is a great opportunity for socializing your dog.

Private lessons - You and the professional trainer work together with your dog to attain your goals. Training is done in our heated training facility located on-site.

GROOMING

We offer all-breed grooming. All grooming is done to the specifications of the owner unless the condition of coat does not permit. Extensive matting will be shaved out for the health of your dog.

We offer baths, nail trimming and complete grooming

Complete Grooming
Bath
Crème rinse if necessary
Fluff dry
Final brush out
Nail trimming
Ear cleaning (unless signs of infection)
Final clip and scissoring

(Note: we do not offer anal gland expression. As a Veterinary Technician I feel that this is a medical procedure and should only be done under the advisement and care of a Veterinarian.)

HOURS by appointment only

Monday thru Friday	morning	9:00 am to 11:00am
	afternoon	3:00pm to 6:00pm
Saturday	morning	8:00am- 10:00am
